IW104: Cryptocurrency Basics
Certificate Course

Let us help you build your Resume Portfolio - because your work deserves to be seen… while you focus on building your skills for service, leadership, and career growth.

Course Description

This course is designed for adult learners who want to learn about the fast-growing world of cryptocurrency and the foundational concepts needed to understand digital assets. Learners explore how decentralized currencies work, how to evaluate different cryptocurrencies, and how to use major crypto exchanges safely and strategically. The course also covers portfolio planning, tax considerations, and the role of digital currencies in emerging virtual environments. Designed for beginners, this course equips adult learners with the knowledge and confidence to navigate cryptocurrency markets responsibly and make informed decisions.

What You Will Learn

By the end of this course, students will be able to:

- Understand what cryptocurrency is and how blockchain technology works
- Identify major cryptocurrencies and their purposes
- Recognize the difference between coins, tokens, and digital assets
- Understand wallets, exchanges, and basic security practices
- Evaluate risks, volatility, and common scams
- Recognize how crypto fits into a diversified financial plan
- Build a simple, beginner-friendly crypto learning strategy

Course Materials

This course uses the textbook:
Cryptocurrency Investing For Dummies

All assignments, practicum activities, and the final exam are based on the themes and skills taught in the book.
